

Interview Tips for Youth Apprenticeship Candidates

The Youth Apprenticeship (YA) Interview Process 2022-23

Because of the pandemic and social distancing guidelines, interviews may be conducted differently for some time to come.

It is important to be patient. Employers are still deciding when they will begin the interviewing process and when students can begin their youth apprenticeships.

This presentation is a guide to give YA students tips and things to consider when preparing for telephone, online and/or face-to-face interviews.

The YA Interview Process 2022-23

Once applications are sent to employers, they will call students directly to set-up phone interviews and possibly online interviews.

If you receive a call from an employer:

1). You may set up an initial interview with the employer.

2). ***Let us know!*** Make sure to send an e-mail to:

john.higgins@pwssd.k12.wi.us AND john.duba@pwssd.k12.wi.us

Include the interviewer's first and last name, time and date of your interview and the name of the organization or company.

The YA Interview Process 2022-23

At the conclusion of your interview with an employer, if you are offered a YA opportunity:

1). ***Let us know!*** Make sure to send an e-mail to:

john.higgins@pwssd.k12.wi.us & john.duba@pwssd.k12.wi.us

2). Include a copy of the Youth Apprenticeship offer letter, or the first and last name and phone number of the individual making the offer as well as the name of the organization or company.

OYA will work with you, your parents/guardian and the employer to set up a Youth Apprenticeship signing meeting. If need be, we can complete your YA signing as a virtual meeting.

What Do I Do if I Get More Than One Job Offer?

Congratulations!

You made a good impression. Now you need to make a choice.

Occasionally when students interview with more than one employer, they receive more than one job offer. Then what???

I Got More Than One Job Offer, Now What?

Never choose based just on how much a job pays...a bad strategy.
Consider each position for its own merits:

- > What skills will you learn? Is it in your program area of interest?
- > Will the position fit well with your school/sports/summer schedule?
- > Consider travel time (spring, summer, fall or winter...)
- > Is it a good work environment? Can you see yourself working there?
- > More than one job? Your Youth Apprenticeship should be a priority.
- > If you have unanswered questions, ask the employer as the answers may help you make your decision.

*If you're considering more than one job offer let the employers know.
Don't make them wait. Make your decision in a day or two.
(No longer than a weekend).*

In the End ...

It's About the Right Fit - Not Good or Bad

Good Fits include:

- Skills, abilities, knowledge
- Relevant experience
- Perceived ability to succeed
- Cultural fit
